Satyam Developers Ltd.

Website Designing | SEO | Search Engine Optimization

Satyam Developers actively seeks growth by investing in variety of carefully identified business, making it a well diversified conglomerate with interest in Residential, Premium Condominiums, Commercial Complexes, Integrated Modern Townships and Malls projects. Within a short span of time, the company has successfully carved its niche in the market with a number of reputed residential and commercial complexes to its credit. The company is managed by highly qualified professionals and visionaries with excellent entrepreneurial skills.

The briefing of the client was very simple and straightforward about the design of the website. They requested a design which was never attempted adopted by any real estate company. The concept was to be developed by thinking out of the box. Vertical Tab designs and special page for the gallery of their projects along with the website being complete source of information were specific requests made by the client.

Team CompuBrainTM noted the minute details in the briefing of the client, analyzed the demands and worked on the layout to design the website for Satyam Developers. CompuBrainTM proposed Flash website with a unique concept of Vertical Flash buttons.

A Master-Piece and one of its kind website in the real estate industry, which fulfilled their request of concept being thought out of the box. Satyam Developers now have an online information center, rather than a website, which they can ask their customers and prospective buyers to visit for details information about their completed and ongoing projects.

Entire website is picturesque which enables their customers to look for as specific information as 4 BHK house available in which Phase and what Type of arrangement.

This particularly satisfied their need of Marketing of the project Sentossa Greenland, a weekend-home project, where the target audience was mostly HNI and NRI clients.

Their website had a record hit of over 1200 hits in a month during the GIHED property show.
